

Anti-Virus Policy

- + All the Desktop/Laptop/ Workstation computers procured by the college shall have licensed standard Anti-Virus (AV) software installed properly with automatic updation at scheduled time intervals
- + The Computer Centre shall guide and monitor the overall protection against viruses and other threats and recommend both end-point and Gateway AV software tools for procurement and installation
- + The Computer Centre shall also install Gateway Anti-virus software on the Campus Network
- + The concerned Deans/Heads/Section Heads are responsible to create procedures that ensure anti-virus software is installed in their respective units and run at regular intervals
- + Timely renewal of the annual AV license and their updation to be ensured by the Purchase section and Computer Centre
- + Virus-infected computers must be removed from the network until they are cleared of virus
- + Any activities with the intention to create and/or distribute malicious programs into the college systems/networks (e.g., viruses, worms, Trojan horses, e-mail bombs, etc.) are prohibited.
- + Any user found to have violated this policy may be subject to disciplinary action as per relevant IT Act and Cyber laws of Govt. of India
